

Brendo and Rhianon had a busy few days last weekend at RallySchool.com.au in Sydney, one of their main sponsors for 2009.

One of the highlights of the weekend was the chance to drive RallySchool's new 2006 Subaru and Lancer Evo 9. Clients enjoyed the chance to get behind the wheel of these high-powered cars, under the tuition of Brendo and other experienced driving instructors.

Brendo also took a number of clients for a 'hot laps' session, where he showcased his driving talent - leaving his passengers in awe!

The weekend was a great success with Brendo commenting, "We really appreciate the support of Mick Ryan from RallySchool.com.au and we are always happy to give something back to his business."

"It is a heap of fun driving the cars, and I really enjoy the interaction with the clients. The good thing is that anyone can drive these cars and Mick has RallySchool locations all around Australia."
