

After a hot and busy weekend servicing for mates Jack Monkhouse and Dale Moscatt at the Alpine Rally in Victoria, Brendo's focus will now turn to tarmac rallying as he heads to Adelaide for this year's Classic Adelaide Rally.

Brendo and Mick Ryan from RallySchool will run as a sweep car behind the Competition cars entered in the event, and Brendo is looking forward to helping out with the event.

“Classic Adelaide is well-known as one of the best tarmac rallies around and it will be great to be a part of it, even though I'm not competing,” he said.

“Mick kindly offered the use of one of the RallySchool Subaru STI's for the 'sweep' car job. RallySchool has been a great supporter of my rally career to date and I hope that by driving his vehicle we can generate plenty of interest for the business.”

Classic Adelaide gets underway in Adelaide on Wednesday with a Prologue to determine the start order of the cars, and the competition will commence on Thursday with competitors tackling over 300 kilometres of Special Stages before finishing on Sunday.
