

Brendan has put in a stunning performance on Day 2 of Rally Sardinia to climb his way back up the placings to finish fifth outright in the WRC Academy.

Day 2 consisted of six stages and Brendan set the third fastest stage time on one stage, recorded three second-fastest stage times, and was fastest on two stages, including the final stage of the day.

Starting under Supercar rules today, it was always going to be a tough day at the office but Brendan and Rhianon were confident they could score some valuable Championship points. The two stage wins today will result in bonus points, so the pair will end up with a handy points total to add to the 12 they earned at round 1, Rally Portugal.
