

With just days until the 2014 Australian Rally Championship (ARC) kicks off, Brendan Reeves has released an exciting new video of his recent test session in the RallySchool.com.au Mazda2.

Brendan returns to the ARC for his second season in the Mazda2, a car he loves driving, and he can't wait to hit the forests around Canberra for the season opener this weekend.

Filmed at a gravel pit at Kooreh in country Victoria, the film shows Brendan putting the car through its paces in a full-on test in rally-like conditions.

Sitting alongside Brendan and calling the pacenotes again this year will be his sister, Rhianon Gelsomino, and the pair are heading into the six-round series full of confidence.
